## Department of Sanskrit

### Report 2017-18

Sanskrit is India's gift to the world that is unparalleled in its perfection and preciseness. To study language like Sanskrit, one requires calmness of mind, and patience and reverence for the language. But in the modern world we want everything fast and we want it now. As a result modern generation has of late has developed an aversion to learn Sanskrit, a **window to all knowledge**. So it is our duty to create an interest and encourage the students to study Sanskrit as one of the languages at U G level.

In our college several students have opted to study Sanskrit as first language. Along with regular syllabi students are taught to recite shlokas and Vedic prayers to attract towards Sanskrit language. This helps to create in them an interest in the language and also provides a means of aesthetic happiness. The chanting of Vedic Mantras stimulates a soothing effect and the sounds of the simple, clear alphabet make them to enjoy the prayers.

Spoken Sanskrit classes are conducted. Students have enthusiastically learnt & enjoyed the beauty of the language. Screening of films, dramas videos & PPT relevant to topic have done in the class. Seminars are conducted by students. The department is proud to say that every year it has succeeded in securing 100% result.

Dr M.B.Sarvamangala attended one day National Seminar on "**Literary contribution of Srman Maharaja Mummadi Krishnaraja Wodeyar**" on 13/3/2018 at Aryabhata Auditorium, Mansagangotri, Mysuru.

She worked as editor of college magazine "Suvarna" & also involved in all the activities of the college as a member of various committee of the college.
