They had to either mention an adjective or a quote or song which best describes them. They could also explain the meaning of their names (without revealing the names) thereby giving an opportunity to the others to guess the names! It was an enjoyable ice-breaking exercise and it was observed that students were quite engrossed in the exercise.

This was followed by a discussion on The Self; one's desires, dreams, passions and motivations. Students were told how important their dreams and desires are for developing the personality. It was stressed that they need to have a passion in life. Students were also given tips on how to increase their self-esteem.
